

Head Teacher: Ms Harinder Rana

Together We Achieve

Friday 15th January 2021

Dear Parents & Carers,

Re: NEW Remote Learning Timetables

We would firstly like to thank you all for working together with us to ensure a successful first 2 weeks of remote learning! The number of children accessing our remote learning is really impressive with nearly all taking part in live lessons & Google Classroom tasks.

We have just had our weekly Whole School Celebration Assembly and it was great to see teachers sharing all the amazing learning children have been doing over the last week. We have been so impressed with how engaged our pupils have been with online learning and how well they have managed to take part in 'live lessons'. Even our Reception pupils are learning how to mute and unmute themselves! [Click here](#) to take a look at all the great learning shared in this week's Celebration Assembly.

Following a review of the last 2 weeks and feedback from parents, children and teachers, we have decided to simplify our timetables moving forward from Monday 18th January. New timetables have been shared during lessons and are also available on your child's Google Classroom. They are also attached at the end of this letter.

The new timetables ensure that:

- Phonics lessons are all at different times so everyone can attend.
- Reception and KS1 classes have live lessons in the mornings.
- KS2 classes have live lessons in the afternoons.
- If you have more than one child with a live lesson at the same time, please prioritise their phonics lesson or organise the day/week so they take it in turns. The most important thing is that children complete their tasks on Google Classroom so that their teachers can assess their learning and provide feedback to help them move forward.
- Schools are required to provide 3 hours learning for Key Stage 1 and 4 hours learning for Key Stage 2. We are providing more than this.
- Children can work at their own pace and at times which are convenient to the family routine. If you need any support please contact the school.
- On assembly days, all children from the same household can join from the same device.
- On Fridays, there will be no live lessons as teachers will be planning, preparing and assessing for the following week. There will still be tasks available on Google Classroom that your child should complete and teachers will be marking and assessing as usual. Teachers will also continue to be available by email.

We have provided many of our families with devices already. As a school, we were only allocated 34 devices from the government which have been provided to families on a case-by-case basis following the audit we completed last year. If you are in need, please contact us and we will add you to our waiting list.

During these two weeks, we have worked closely with families to support them with any issues or concerns. If you require support with anything, please do contact the school office or your child's class teacher.

Yours sincerely,

Mrs Magan & Ms Hasker
Acting Co-Headteachers
