

15<sup>th</sup> March 2021

Dear Parents/ Carers,

### Headteacher Letter\_March 2021

I would like to begin by saying thank you for all your well wishes over the time I have been away from school. I very much appreciate your kind words and support.

It has been a very difficult time for us all and I am extremely proud of the way my team has pulled together to ensure all of our children and families continued to be supported and taught over the last five months.

There have been many exciting new developments with our online learning and special thanks goes to our teachers for their ingenuity, skill, and grit in keeping our children learning over the Autumn and Spring terms.

Since the start of this half term, I have been working closely with senior leaders and governors to ensure our children are safe and enjoying their learning as they too return to school after their own recent time away.

It has been wonderful to see our pupils back in their classes, with their friends and doing an excellent job in their learning.

My other major task this term is to provide a comprehensive handover to Mrs Magan as she prepares to take over the role of Headteacher of Woodlands from April.

It has been lovely to have the opportunity to speak with some parents in person over the last couple of weeks and I hope to be able to say "Hello" to more of you before I take my leave at the end of this term.

Yours sincerely

Harinder Rana
