Dear Parents/ Carers,
RE: End of Year Reports

Today you will receive an email from your child's class teacher with their End of Year report. We are extremely proud of the achievements of the pupils of Woodlands Academy this academic year, despite it being a year of continuing adjustments post Pandemic.

Your child's report has comments in the different curriculum areas as well as general comments about the achievements and successes throughout the year.

The following table is a guide to attainment, progress and effort scores indicated on your child's report for each of the core subjects: English- reading and writing, Maths and Science

Attainment	Progress	Effort
WT = Working towards age related expectations	Less than expected = 5 steps progress or less throughout the year	Inconsistent = effort is not consistent enough in lessons
WA = Working at age related expectations	Expected = 6 steps progress throughout the year	Good = tries hard in most lessons
GD = Working greater depth	Greater than expected = more than 6 steps progress throughout the year	Excellent = always tries hard, participates well and does enough work during the lessons

Please read through your child's report and contact the class teacher if you have any questions. This year, we feel very proud that we have begun to build up our parent community during the in person meet ups such as coffee morning and workshops. We value the importance of teacher-parent partnership, so **we would really appreciate a short parent comment about your child's time at school this year by completing this [Parent feedback google form](#).** Feedback will be shared with staff so that we as a school can continue to strive for the best for all of our pupils. We would also love to update our positive messages for staff in the staff room and foyer!

Thank you for your continued support with your child's learning this year. We look forward to another year of positive learning.
