

Friday 22nd November 2024

Dear Parents & Carers,

**Re: Refill and Reuse Shop**

You may have heard from your children, or seen at Parents' Evening, that I have been running an Enterprise Club with volunteers from Year 4, who have helped me to write this letter.

We have set up our own shop, which the children have named '**Refill and Reuse**'. The children have ordered stock and are very excited to **open next Friday 29th November from 3pm in the KS1 playground.**

The shop will be open once a month for you to refill and reuse our products. The purpose of the business, as you may have seen from the survey sent round recently, is to encourage people to buy eco-friendly products and to reuse containers. While we will have some recycled containers at the shop, we encourage parents/carers to bring their own bottles to refill to the shop each month. **We will sell all products in amounts of 500ml, so please bring a bottle which will be able to contain this amount.**

The shop will sell a variety of products, which are listed below for your reference:

Washing up Liquid (Apple Orchard)

Body Wash & Bubble Bath (Nourishing coconut, Pink Grapefruit & Aloe Vera, Tea Tree & Mint)

Shampoo (Pink Grapefruit & Aloe Vera)

Laundry Liquid (Tropical Coconut)

As part of the development of the business, the school has purchased a card machine and can therefore accept card and cash payments at Refill and Reuse.

We look forward to seeing you at our official opening on Friday 29th November in the Key Stage 1 playground after school.

Yours sincerely

Ms Hasker

Headteacher

(& the Year 4 Enterprise team- Mason, Sofia, Valentina, Shima, Muzil, Jacob, Millie, Soraya, Safah, Suad and Jane)
