

A list of Ealing Sport Clubs:

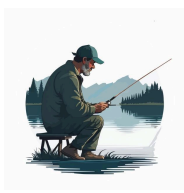

Are you interested in your child attending a club outside of school? Here is a list of Clubs which were shared by the Featherstone Sports Partnership team.

Taking part in sport and leisure in Ealing can offer a wealth of benefits, both physical and mental... It is one of the 5 ways to wellbeing- STAY ACTIVE.

- **social connections** - joining a sports team, fitness class or running club can be a great way to meet new people and form friendships. Ealing has a diverse range of groups and clubs to suit all interests, so it's easy to find something that suits you
- **increased productivity** - exercise has been shown to increase productivity and focus, so taking a break from work to exercise can actually help you get more done in less time
- **better mental health** - exercise has been shown to have a positive impact on mental health, helping to reduce stress, anxiety and depression, taking some time to exercise can be a great way to manage your mental wellbeing
- **improved physical health** - regular physical activity can improve your overall health, including reducing your risk of heart disease, stroke and diabetes, as well as helping you to maintain a healthy weight and improve your strength and flexibility
- **explore** - Ealing is a beautiful borough with lots to see and do. By getting active, you can explore in a new way, discovering new parks, neighbourhoods and landmarks that you might not have seen before

Please note: Any child or parent looking to join a club and take part in activities must make their own appropriate background checks to ensure provision is safe and of the relevant quality to meet their needs. All clubs offering activities for juniors should have in place child protection and welfare policies, which protect children and promote a safe and friendly club environment. Parents should check which child protection measures are in place when deciding which club/group they would like their child to join.

Check with the company to see what they offer for different aged children.
